PITER DOUGLAS FERREIRA GOMES

Full-Stack Developer | Computer Science Student

Germany | +49 179 2086189

piterg.bio@gmail.com | LinkedIn | GitHub | Portfolio

PROFESSIONAL SUMMARY

Computer Science undergraduate and **Full-Stack Development Intern** with hands-on experience building backend services in **Go, Python, and Java**, and frontend applications in **React, Angular, and TypeScript**. Comfortable across the stack, from REST APIs and relational/NoSQL databases to AI-powered features, with a foundation in software engineering principles and a structured approach to problem solving. Motivated to keep growing in international, collaborative engineering teams.

TECHNICAL SKILLS

Backend: Go · Python · Java · Spring Boot · REST APIs

Frontend: React · Angular · TypeScript · Next.js · HTML5 · CSS3

Databases: PostgreSQL · MySQL · MongoDB · SQLite

Tools & Practices: Git · GitHub · Docker · Swagger/OpenAPI · OOP · Clean Code · Automated Testing

PROFESSIONAL EXPERIENCE

Full-Stack Development Intern *Aug 2026 – Present*

TipManager – Technology Consulting | Remote

- Develop and maintain **full-stack features** (backend and frontend) for a sports-analytics platform delivering real-time statistics, data analysis, and AI-powered insights across multiple sports and esports.
- Work across **Go, Python, TypeScript, databases, and data analysis**, applying software engineering principles, testing, and architecture practices to production code.

Customer Support Specialist *May 2021 – Present*

Teleperformance – Münster, Germany | English / Portuguese

- Support customer accounts and campaigns via phone, email, and chat, in English and Portuguese, within multicultural, international teams.
- Built strong **communication, organization, and structured problem-solving** skills while maintaining high customer satisfaction.

PERSONAL PROJECTS

MindK AI - Demo | GitHub

React · TypeScript · Vite · Go · PostgreSQL · OpenAI · Clerk · Docker

AI-powered knowledge-management app for notes and documents, with chat grounded in a real Retrieval-Augmented Generation (RAG) pipeline instead of a thin wrapper around a chat API.

- Automatic chunking, embedding, and semantic search over uploaded documents, with cited sources.
- Layered Go backend (handlers → services → repositories) with automated unit/integration tests and a Swagger/OpenAPI-documented REST API.

Worklog - GitHub

Java · Spring Boot · PostgreSQL · Angular · TypeScript · SCSS · RxJS

Full-stack team productivity console for daily activity tracking, letting employees log tasks by program, team, language, and activity with automatic time tracking.

- Backend business rules enforce a single open activity per employee per workday, with lookup APIs for programs, teams, languages, and activities.
- Global API exception handling, standardized error responses, and a responsive UI.

Brincadeiras - Demo | GitHub

React · Vite · CSS3 · Java · Spring Boot · MongoDB · OpenAI GPT-3.5

AI-powered platform that generates and organizes creative activity ideas for children, encouraging free play and creativity.

- Full CRUD app with filtering by title, age group, and materials, plus automatic activity generation via the OpenAI API.
- Deployed with backend on Render and frontend on Vercel.

EDUCATION

Bachelor's Degree in Computer Science *2023 – 2027 (expected)*

FAM – Faculdade das Américas, São Paulo, Brazil

Currently in the 7th semester, developing skills in software development.

Master's Degree in Oceanography — UERJ, Rio de Janeiro, Brazil (2014 – 2016)

Bachelor's Degree in Biological Sciences — Souza Marques University, Rio de Janeiro, Brazil (2008 – 2012)

COURSES & CERTIFICATIONS

- **Google Cloud Computing Foundations** – cloud infrastructure, networking, and security basics
- **Red Hat Trainings** – Linux I & II · Java EE 7.0 Development · OpenStack Administration I

LANGUAGES

Portuguese (Native) · English (Advanced) · German (Intermediate) · Spanish (Intermediate)

SOFT SKILLS

Fast learner with strong ownership mindset · Clear communication and teamwork · Analytical thinking and problem-solving · Adaptability in multicultural environments
